Re: Fee Required for Notice of Intention to Commence Small Mining Operations, Harvey Chat win, Ultra dent Mine / O C Claims, S/045/057, Tooele County, Utah

Dear Mr. Chatwin:

On May 3, 2001, we received a copy of your Notice from the Bureau of Land Management (BLM) for your O C Claims, Ultra dent mine site. The Notice indicates that total acreage for the proposed mining will be two acres. Therefore, this will be categorized as a small mining operation (SMO) and we have assigned file number S/045/057 to this project. A SMO does not allow more than five acres of surface disturbance at any one time. If the site is anticipated to exceed five acres of disturbance, a large mining notice must be submitted and approved before exceeding the acreage limitation of a SMO.

Before we can continue with review of your SMO notice, we require payment of the initial \$100.00 permit fee. This is an annual fee which is due on our fiscal year (July 1 thru June 30). As we are approaching the next fiscal year, please be advised that fee payments received within 45 days of the next fiscal year, will be applied to that new year. Thus, *if your payment is received before May 15th it will be applied to the 2000-2001 fiscal year and another payment would be due July 1 for the 2001-2002 fiscal year.* You may wish to choose to wait until after May 15th to submit your fee payment. A billing statement is enclosed for your use. We will suspend further review of your Notice, until we have received the permit fee.

Your proposed start-up date is May 2, 2001. Please be advised that you are not authorized to create any mining disturbance until you have received written acceptance from this office as well as met the BLM requirements and received approval from the BLM office.

If you have any questions regarding this letter, please contact me at (801) 538-5291 or Tom Munson at 538-5321.

Sincerely,

Joelle Burns
Minerals Secretary

Re: **Permit Fees for 2001-2002 Fiscal Year, Minerals Regulatory Program**

Dear Permittee:

We are now entering our fourth year of annual permit fee assessment as authorized by the Utah State Legislature. The fees provide funding to administer the mineral regulatory program. Revenues are used to process and maintain exploration and mining permit applications and for inspection of those sites. The minerals rules require the payment of an annual permit fee for all active exploration and mining permits. The annual fees are due by the last Friday of July for each year that a permit remains active (*a permit is active until the site is fully reclaimed and subsequently released by the Division*).

If the site is fully reclaimed and you no longer wish to keep your permit active, you may check the box on the form requesting a site inspection. This will suspend your fee payment until the Division can schedule an inspection to determine if the reclamation meets the required revegetation performance standard. If we find that reclamation and revegetation is complete, then the site can be released, the permit/file is closed and no fee will be required. However, if reclamation does not meet the required performance standards, then the assessed payment(s) will be due and payable within 30 days of our site inspection.

As a result of performing follow up inspection requests, we have found numerous instances where the reclamation was incomplete and the site could not be released.

Note: *Before you check the box requesting an inspection and file closure, please make certain that your site is fully reclaimed, that all mining related waste, trash and debris have been removed, and that the vegetation is well established.*

To date, some operations have been turned over to the Utah Office of Debt Collection (ODC) for failure to pay delinquent fees. These operations will still receive a billing notice from this office for this fiscal year. Please pay the current year billing directly to this office. Any outstanding delinquent fees must be paid directly to the ODC.

Please refer to the attached instructions for the payment of fees.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program

Instructions for Payment of Fees

1. Collection of Permit Fees

The Utah Legislature authorized the collection of permit fees in the Minerals Program to begin July 1, 1998. The purpose of fee collection is to provide supplemental funding for additional program assistance in processing and maintaining mining and exploration permit applications and inspection of those sites.

Please note: Some companies/operators may be receiving more than one billing form. It is important to return each one of those forms to ensure proper credit.

2. Fees Are Assessed as Follows:

<u>Notices of Intent</u>	<u>Annual Fee</u>
Exploration Operations	\$100.00
Small Mining Operations (5 or less disturbed acres)	\$100.00
Large Mining Operations (less than 50 disturbed acres*)	\$350.00
Large Mining Operations (more than 50 disturbed acres*)	\$750.00

(*For Large Mining Operations, the fees are based on the disturbed acreage permitted/bonded.)

3. Fees Due Date

Fees are due by the last Friday in July, for all permitted operations or applications presently under Division review. Fees will also be due upon submission of a new permit application or a permit amendment/revision which increases the acreage to a new fee category

4. Failure to Pay

Failure to pay the permit fee will result in cancellation of a permit to mine or explore (*site reclamation is still required by the operator*).

New permit applications will not be processed if the fee is not enclosed with the application.

5. Opportunity to Close Out a Permit

Permittees have the opportunity to close out a permit and not pay the fee. To be eligible to close out a permit, you must return the enclosed billing form with the appropriate box checked. You will then be contacted by the Division to arrange for an onsite inspection. The area must be fully reclaimed and in a stable condition to be eligible for closing out a permit. ***If the area is suitably reclaimed, then NO FEE WILL BE DUE.*** If the area is not yet suitably reclaimed, then a new billing notice will be issued and the permittee will be given 30 days from the date of the onsite inspection to pay the fee.

6. Delinquent Fees

All permit fees which remain uncollected 30 days after the due date will be turned over to the Utah Office of Debt Collection (ODC). Additional penalties, interest and collection fees will be assessed by the ODC.

7. Change of Address

Please note any address changes on the return form.

8. Questions or Comments

Please contact me at (801) 538-5286 or Joelle Burns at (801) 538-5291.
